About PC Locs

PC Locs is a company dedicated to the design, manufacture and functionality of the highest quality security, charging and transport solutions for mobile devices.

Our vision is to be globally recognised as the most innovative and trusted brand in developing solutions for managing deployments of mobile technology.

Our mission is to make life easier for organisations implementing mobile technology.

PC Locs... It just makes life easier.

It just makes life easier

Carrier 15 Charging Station™

new

Charge, store and secure up to 15 Chromebooks, Laptops, Tablets and iPads simultaneously.¹

Efficient charging. Charge up to 15 devices simultaneously, including Chromebooks, Laptops, most Tablets and more, with or without most cases.¹

Bonus! Includes a Carrier Device Rack for storing larger Laptops and Chromebooks.¹

Safe and secure. The combination of welded steel construction, the mounting-kit and a hardened steel padlock, protects your devices while they're not in use.

Wall or desk mounting. Transform any wall, desk or bench into a secure space for charging mobile devices.

◀ Includes Large Baskets by PC Locs.

The Carrier 15 Charging Station is equipped with 3 Large Baskets, allowing you to store and safely distribute 13" Chromebooks, Tablets or iPads with ease.¹

Ideas for Education

CarryOn™

Introducing the first ultra-mobile charging station. Charge, store and carry up to five iPad or Tablet devices.

Efficient USB charging. With up to 2.4 amps of power at each port, you can simultaneously charge 5 devices in the same amount of time as just one.

Compatible. Universal design and functionality makes it compatible with most iPad models, as well as other USB chargeable devices.¹

Ultra-mobile. The CarryOn is designed to be the most portable charging station on the market. Its compact design coupled with built in handle makes distributing devices and charging on the go easier than ever before.

Familiar, yet unique. Designed to store 7" – 10" Tablets and accommodates devices with a variety of cases.¹ The CarryOn's acrylic door includes a keyed lock to keep devices safe.

Wall mountable. The CarryOn includes a wall mounting kit so that you can transform any wall into a space for storing devices.

Lifetime Warranty. PC Locs products are built to last.²

FUYL Tower™ Charging Locker

Perfect for BYOD Programs

The FUYL Tower takes device charging and security to a whole new level. It's an intelligent charging station with 15 individually lockable compartments that can store and charge any mobile device.¹

Part number: PCL3-10111

LIFETIME WARRANTY²

Freight charges apply.
Contact us for details.

More than just a powered locker. Where the FUYL Tower shines is through the innovative management software that comes included with the Tower itself. Once network connected, designated administrators can view, access and manage one or more FUYL Towers remotely.

All in one solution. The FUYL Tower is designed to store, charge and secure mobile devices including, Laptops, Tablets, Chromebooks, Mobile Phones, iPad devices and more. The FUYL Tower has 15 individually lockable compartments.

Efficient charging. Each compartment is equipped with a power point and a 2.4 amp USB port, so you can charge almost any device.

WiFi Ready. The FUYL Tower is capable of connecting to your network with the built-in WiFi functionality.

Highly secure. The digital keypad controls the security of every compartment. Additionally, the management software records every time a compartment is opened or closed, enabling administrators to investigate abnormal usage, and more.

Fully ventilated. Uniquely designed for passive ventilation to minimise heating during charging.
